Forum Agenda

- Introductions
- Goals of the Forum
- Recap of Work Completed Over the Summer
- Proposed Timetables & Fare Structure
- Timeline and Calendar Moving Forward
- Questions and Answers

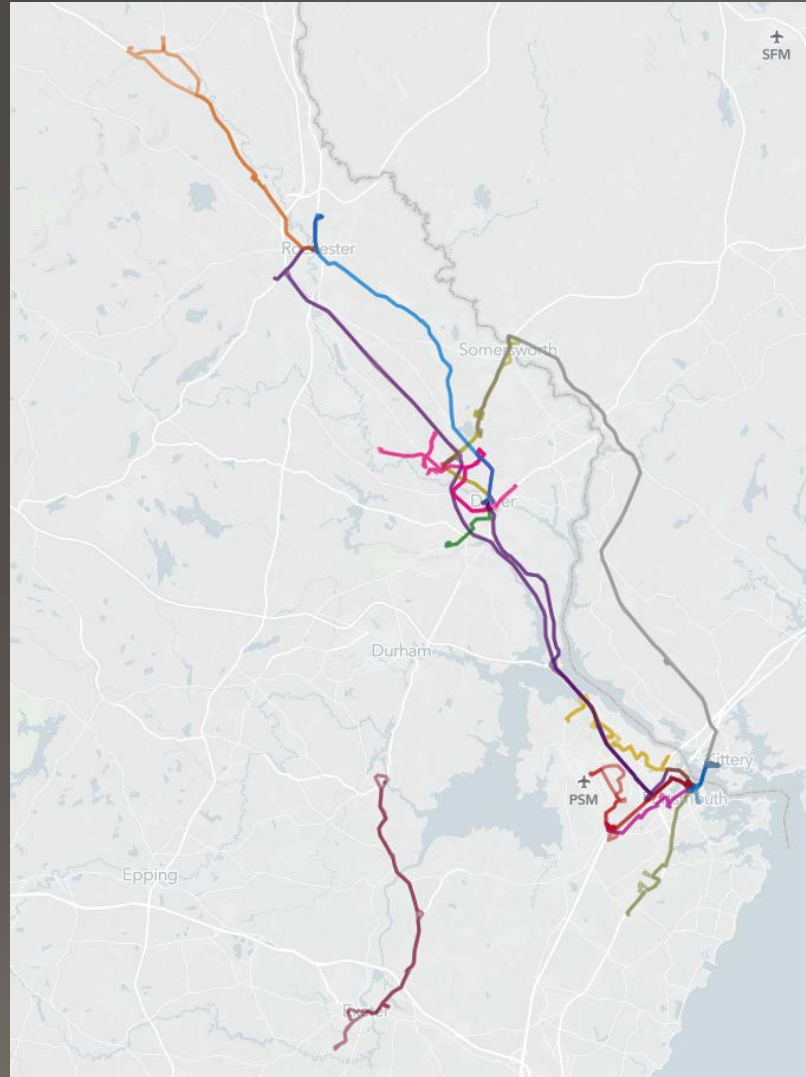

Forum Goals

- Take specific feedback on the evolving conceptual service plan and timetables
- Take specific feedback on the proposed fare structure
- Share the timeline and next steps
- Answer other related questions

Recap of Work this Past Summer

- Consideration of feedback gathered through the second round of public forums, and comments collected through the project website.
- Analysis of potential fare structure considerations.
- Incorporation of specific input, verification of running times, creation of potential timetables and completion of first run cuts (dividing the schedules into blocks of work for our staff).

Incorporated Feedback

Proposed Timetables

- Please note that the timetables currently only have timepoints listed for each end and connection points for all routes. We continue to work on refining the other timepoints for each schedule as our testing of individual route running times is ongoing.
- Times will likely continue to be adjusted as we continue verification of actual running times for each route (by a few minutes).
- The timetables give you an opportunity to review specific trips and trip combinations you need to take.

Proposed Fare Structure

- \$1.50 base fare when boarding any route and will not be charged again so long as they remain on the same vehicle.
- A free transfer will be offered between Routes 13 and 43 or 14 and 43. Customers traveling solely along the 43 Newington /Portsmouth route, or connecting to it from bus routes other than 13 and 14, will continue to pay as they would today for the equivalent trip.
- \$20 15-Ride Punch Ticket and \$52 Monthly Pass

Timeline/Calendar

Late-Fall/Early Winter	Public Hearings on Proposed Service Plan and Fare Considerations
Spring 2020	Design and implement marketing plan
July 2020	Transition to new redesigned system
