☐ Long-term
Your disability is expected to last for at least one year, but there is a chance of improvement or long periods of remission. If you are found eligible, your eligibility will expire one year after your initial approval. You will need to re-apply annually to continue receiving services. All applications based on mental impairments, Medicare or Social Security disability are considered long-term applications.

☐ Permanent
This status is appropriate for with a disability that will never significantly improve (for example, an amputation or a developmental disability). If you are found eligible, you will never have to reapply unless you move out of Portsmouth and then return at a later date.

B. Proof of Disability

Please indicate which type of proof of disability you are submitting. Only one type of proof is necessary.

☐ I have been found at least 70% disabled by the Veteran’s Administration. Please attach a copy of a letter signed by a Veteran’s Service Officer that specifies your disability rating. You do not have to have a health care professional complete Section 3.

☐ I have a Medicare card. Please attach a copy of the card. You will have to confirm every year that you continue to have Medicare. If you want to apply for permanent status instead, you will need to have a health care professional complete Section 3.

☐ I have been found disabled by the Social Security Administration. Please attach proof of receipt of SSI or SSDI benefits, such as a copy of a bank statement. You may attach a copy of an award letter, but it must be dated within six (6) months of the application. Unless you have been determined to be permanently disabled, you will have to confirm every year that you continue to receive SSI or SSDI benefits. If you want to apply for temporary or permanent status instead, you will need to have a health care professional fill out Section 3.

SECTION 3
TO BE COMPLETED BY A MEDICAL PROFESSIONAL

This section is only required for people applying based on disability, and who do not have other accepted proofs of disability or who wish to qualify for permanent disability status.

Your patient ___________________________ has applied for disability status through COAST. If found qualified, this individual will be able to utilize Portsmouth Senior Transportation services as an individual with a disability who is under the age of 62.

Disability status under the Portsmouth Senior Transportation Program is for people who have a physical or mental impairment (Condition) that preclude them from riding in vehicles that do not have any accessibility features, such as your typical car, truck or SUV. Eligible clients are generally picked up outside their homes at or near the requested time and taken directly, or indirectly, to their destination.

Eligibility is a functional determination, not a medical one. Individuals qualify if they have a specific Condition that prevents them from riding in a typical automobile.

Please keep in mind that the following skills may be necessary for the effective use of Portsmouth Senior Transportation services:

- handling money
- getting on and off a standard vehicle
- sitting on a moving vehicle
- reading information signs
- hearing announcements by vehicle operators
- navigating and being aware of when it is time to get off the vehicle
- pulling the cord to signal the operator to stop the vehicle

The conditions listed on the following pages would limit the ability to perform these tasks as effectively as other people and without special considerations/modifications (for example, a wheelchair lift or ramp).

Please note that COAST will not consider any person whose sole incapacity is pregnancy, obesity, or drug or alcohol addiction.

1. I am familiar with ___________________________’s physical/mental condition.

□ Yes
□ No

- **Permanent**
  The disability will never significantly improve (for example, an amputation or a developmental disability). If the applicant is found eligible, he or she will be automatically issued a new eligibility card every year without the need for re-application.

3. In my professional opinion, this applicant is (please choose one):

- **A. Non-Ambulatory Disabled**
  The applicant cannot walk, even with the assistance of devices (e.g., walker, crutches, cane, brace, prosthesis, etc.), but has sufficient personal mobility and independence in a wheelchair that the use of fully accessible public transportation is a reasonable expectation.

- **B. Semi-Ambulatory Disabled**
  The applicant cannot walk more than a very short distance without the assistance of a walker, crutches, cane, brace, prosthesis, or other such adaptive device, and the use of fully accessible public transportation is a reasonable expectation.
